TO: Each Health Deputy

FROM: John Viernes, Jr., Director 
Alcohol and Drug Program Administration

SUBJECT: **FUNDING AUGMENTATION FOR BEHAVIORAL HEALTH SERVICES, INC.
CONTRACT NO. H-702261**

This is to inform you that we plan to implement the adjustments and reallocations provision for our agreement with Behavioral Health Services, Inc. This provision allows the Director of Public Health or his authorized designee to augment funds in amounts up to 25 percent of the contract's budget.

Alcohol and Drug Program Administration (ADPA) is proposing to augment the contract to enable the agency to participate in an integrated service model and conduct screening, assessment, and referral services for patients at Psychiatric Emergency Services (PES) at Harbor UCLA/Metro Hospital Medical Center Los Angeles. This program was implemented in Fiscal Year 2006-07 under a Memorandum of Understanding agreement between the Departments of Health Services (DHS), and Public Health (DPH). The departments agreed in Appendix A.10 that DPH ADPA will continue to work with Department of Mental Health (DMH) and DHS to increase and improve the capacity for substance abuse screening and referral at DHS facilities including the PES dependent upon available resources. Funding was provided by the DMH.

Attachment 1 is a description of the services affected by this amendment. Attachment 2 shows the contract's current and proposed funding amounts

If you have any questions or need additional information, please let me know.

COMMUNITY ASSESSMENT AND SERVICE CENTER PROGRAM SERVICES (ADPA, GENERAL RELIEF, or CALWORKs)

Community assessment and service center program services are those services which include utilization of a standardized and computerized/automated substance abuse and mental health assessment, intake, and referral system; collaborative and cooperative linkages with public and private social and health service providers; intake, assessment, and referrals to substance abuse and mental health residential or non-residential treatment services or other ancillary services, such as domestic violence and Human Immunodeficiency Virus (HIV) resources; development and maintenance of participant related ancillary resources directory; outreach to and networking with service providers and County residents; and maintaining collaborative and cooperative linkages with other resources to support increased access to a comprehensive range of specific services needed by each program participant.

The scope of services provided included: 1) accept appropriate referrals from the Harbor Psychiatric Emergency Room staff, identified as needing alcohol and other drug (AOD) treatment services; 2) conduct clinical assessments using the Addiction Severity Index Lite; 3) assess the appropriate level of alcohol/drug treatment intensity required based upon the assessment results and professional judgment; 4) identify a State licensed/certified program contracted with ADPA to provide the required level of services; 5) establish relationships and procedures with community agencies to ensure the effective and efficient referral of patients from the UCC to the identified program, to relieve congestion and reduce waiting; 6) where appropriate provide ongoing case management to support the patient's transition to the next level of AOD treatment, ensure engagement, and address other required health, social support, and mental health needs; 7) participate in case conferences with PES staff as needed; and 8) maintain patient case files that document the services provided.
